Cybersecurity Training
An email was sent on 10/5 from PROVOST@csbsju.edu with a friendly reminder to complete the monthly awareness trainings to help all employees at CSB, SJU, and OSB stay current with cybersecurity. We are at a 50% completion rate, which is lower than we should be for this late in the year. To maintain compliance with our auditors, credit card regulations, and other essential security prerequisites, it is important that everyone complete these security awareness trainings by December 31, 2023.

You can find the link to Cybersecurity Training at the IT Self-Service Portal here.
